Invitations to jeopardy.

Sommario/riassunto

This classic study of ethics in business presents an eye-opening account of how corporate managers think the world works, and how big organizations shape moral consciousness. Robert Jackall takes the reader inside a topsy-turvy world where hard work does not necessarily lead to success, but sharp talk, self-promotion, powerful patrons, and sheer luck might. What sort of everyday rules-in-use do people play by when there are no fixed standards to explain why some succeed and others fail? In the words of one corporate manager, those rules boil down to this maxim: "What is right in the corporati
