Sommario/riassunto

With the financial meltdown and the economic crisis in their fifth year
already no one can any longer be in doubt about their exceptional
gravity, their truly global impact and their profound effects hurting
vulnerable groups and the very poor especially. As the world looks for
an exit from this economic crisis - the worst in eight decades - the
focus of attention is naturally on the causes, the factors that account
for its wide reach and severity, as well as on strategies that might bring
it to a closure. The quest for exit strategies is at the very centre of
the issues and concerns expl
