| Sommario/riassunto    | This volume offers a range of perspectives on addiction and responsibility and how the two are bound together. Distinguished contributors discuss questions concerning whether or not we are responsible for our own addictions and what responsibilities others have to help.                                                                                                                                                                                                                                                                                                           |
