

1. Record Nr.	UNISA990002663560203316
Autore	GUERRIERO, Carmine
Titolo	Dependent controllers and regulation policies : theory and evidence / Carmine Guerriero
Pubbl/distr/stampa	Roma : Ente per gli studi monetari, bancari e finanziari Luigi Einaudi, 2004
Descrizione fisica	45 p. ; 24 cm
Collana	Temi di ricerca ; 33
Disciplina	324.973
Soggetti	Elezioni
Collocazione	324.973 GUE 1 (IEP X 439)
Lingua di pubblicazione	Inglese
Formato	Materiale a stampa
Livello bibliografico	Monografia

2. Record Nr.	UNINA9910298343003321
Titolo	Terricolous lichens in India . Volume 1 Diversity patterns and distribution ecology // Himanshu Rai, Dalip K. Upreti, editors
Pubbl/distr/stampa	New York : , : Springer, , 2014
ISBN	1-4614-8736-6
Edizione	[1st ed. 2014.]
Descrizione fisica	1 online resource (xi, 98 pages) : illustrations (some color), color maps
Collana	Gale eBooks
Disciplina	570 571.2 571.32 572572
Soggetti	Lichens - India Lichens - Ecology - India
Lingua di pubblicazione	Inglese
Formato	Materiale a stampa
Livello bibliografico	Monografia
Note generali	Description based upon print version of record.
Nota di bibliografia	Includes bibliographical references and index.
Nota di contenuto	Lichenological studies in India with reference to terricolous lichens -- Distribution ecology of soil crust lichens in India: a comparative assessment with global patterns -- Terricolous lichens in Himalayas: patterns of species richness along elevation gradient -- Photobiont diversity in Indian Cladonia lichens, with special emphasis on the geographical patterns.
Sommario/riassunto	Terricolous lichens, a habitat specialist group of lichens play a vital role in maintenance and ecological stability of soil crusts with reference to their physical stability, hydrology and growth of soil microflora. Terricolous lichens in Indian lichenological studies haven't been taken up as a functional group. Terricolous Lichens in India, Volume 1: Diversity Patterns and Distribution Ecology is the first ever publication dealing with soil lichens of India. Divided into five chapters, this volume discusses the lichenological researches in India with reference to terricolous lichens, the altitudinal distribution patterns of terricolous lichens, comparative assessment of distribution with global patterns, and the photobiont diversity and influence of novel molecular clades of photobiont in determining ecological preferences of soil lichens in India. Written by experts in the field and supplemented with

numerous photographs, Terricolous Lichens in India, Volume 1: Diversity Patterns and Distribution Ecology is a comprehensive resource that addresses the major drivers of terricolous lichens distribution in India.
