

1. Record Nr.	UNINA990000956920403321
Autore	Kallianpur, Gopinath
Titolo	Theory and Application of Random Fields : Proceedings of the IFIP-WG 7 1 Working Conference held under the joint auspices of the Indian Statistical Institute Bangalore, India, January 1982 / edited by G. Kallianpur
Pubbl/distr/stampa	Berlin [etc.] : Springer-Verlag, 1983
ISBN	3-540-12232-X
Collana	Lecture notes in control and information sciences ; 49
Disciplina	519
Locazione	FI1
Collocazione	18-196
Lingua di pubblicazione	Inglese
Formato	Materiale a stampa
Livello bibliografico	Monografia

2.	Record Nr.	UNISA990002714200203316
	Autore	YEO, Tiong Min
	Titolo	Choice of law for equitable doctrines / T.M. Yeo
	Pubbl/distr/stampa	Oxford : Oxford university press, 2004
	ISBN	0-19-927492-4
	Descrizione fisica	LXV, 361 p. ; 24 cm
	Collana	Oxford private international law series
	Disciplina	346.42004
	Soggetti	Equità - Inghilterra
	Collocazione	XXIII.3.F. 76 (IG VIII 22 ING 521)
	Lingua di pubblicazione	Inglese
	Formato	Materiale a stampa
	Livello bibliografico	Monografia
3.	Record Nr.	UNINA9910786442103321
	Autore	Schmidt Petra
	Titolo	Un/folded [[electronic resource]] : paper in design, art, architecture and industry / / Petra Schmidt and Nicola Stattmann ; [editorial contributors: Luzia Kalin, Mareike Gast ; translation from German into English: Gaines Translations ; English copy editing: Julie Dawson]
	Pubbl/distr/stampa	Basel ; ; Boston, : Birkhauser, c2009
	ISBN	3-0346-0905-1
	Descrizione fisica	1 online resource (256 p.)
	Altri autori (Persone)	StattmannNicola
	Disciplina	676
	Soggetti	Paper work Paper products - Design Paper art Paper
	Lingua di pubblicazione	Inglese
	Formato	Materiale a stampa
	Livello bibliografico	Monografia
	Note generali	Includes index.

"This book is also available in a German language edition."

"Paper goes 3D."

Sommario/riassunto

In Unfolded-Paper in Design, Art, Architecture and Industry paper conquers the third dimension and demonstrates the undreamed-of possibilities it holds today for lightweight construction, product design, fashion and art. From "Paper", the collection of bags by Stefan Diez, to Konstantin Grcic's paper models and the scented paper garments of Issey Miyake, this book presents paper as a high-quality contemporary and ecological material. An enormous selection of projects, the lavish design and numerous illustrations provide designers with invaluable inspiration for their work. The content core of the book is a comprehensive list of state-of-the-art paper products and innovative paper technologies, supporting designers in their everyday work with detailed information on the "high-tech" material paper. From Japanese washi paper and paper foam, to ceramic paper and carbon fiber paper, Unfolded presents the latest in research and development, as well as the most important methods and technologies in handcrafts and industry.

Mit Unfolded - Papier in Design, Kunst, Architektur und Industrie erobert Papier die dritte Dimension und zeigt, welche ungeahnten Möglichkeiten Papier heute für Leichtbau, Produktdesign, Mode und Kunst bietet. Von der Taschenkollektion "Papier" eines Stefan Diez, über Konstantin Grcics Papiermodelle bis hin zu den duftigen Papierkleidern aus der Feder von Issey Miyake, präsentiert dieses Buch Papier als wertvollen, ökologischen und zeitgemäßen Werkstoff. Mit der enorm großen Auswahl an Projekten, der aufwendigen drucktechnischen Ausstattung und den zahlreichen Abbildungen liefert es Gestaltern wertvolle Inspirationen für ihre Arbeit. Als inhaltliches Fundament des Buches dient ein umfassendes Verzeichnis technischer Papiere und innovativer Papiertechnologien, das die Gestalter bei ihrer täglichen Arbeit mit Fachinformationen zum "Hightech"-Werkstoff Papier unterstützen soll. Von japanischem Washi-Papier über Papierschaum, bis hin zu Keramik- und Karbonfaserpapier präsentiert es den aktuellen Stand aus Forschung und Entwicklung sowie die wichtigsten Verfahrenstechniken aus Handwerk und Industrie.
