Sommario/riassunto	Educating College Students with Autism Spectrum Disorders is one of the first books to specifically address the accommodation of students with significant learning differences in postsecondary education. Developed with the support of Autism Speaks, and piloted at Pace University, each component of this book is scientifically-based and provides a model of emerging best practices for college instruction involving students with ASD. The text is designed to give college

faculty a deep understanding of students with ASD and help faculty to productively engage students with ASD, while al
