Staging the city; Notes; Bibliography; Index
Sommario/riassunto	In the Western world, cities have arguably never been more anxious: practical anxieties about personal safety and metaphysical anxieties about the uncertain place of the city in culture are the small change of journalism and political debate. Cities have long been regarded as problems, in need of drastic solutions. In this context, the contemporary revival of city centres is remarkable. But in a culture that largely fears the urban, how can the contemporary city be imagined? How is it supposed to be used or inhabited? What does it mean? Taking England since WWII as its principal focus, this pr
