Lingua di pubblicazione	Inglese
Formato	Materiale a stampa
Livello bibliografico	Monografia
Note generali	In testa al front.: European Monitoring Centre for Drugs and Drug Addiction
Sommario/riassunto	This report reviews developments in the neuroscience of addiction, explores how they might affect the way we view and treat drug problems, and considers the issues that they raise for drug policy in Europe. In language that is easily accessible, the report presents the complex brain processes involved in addiction and the ethical implications inherent to current addiction research.
