A Worthy Contribution to the War Effort: Winged Victory

Sommario/riassunto

A critical analysis of the films and career of George Cukor. George Cukor: Hollywood Master is the first book to focus on the career of director George Cukor, one of classic Hollywood's most important figures, with films such as The Women , Adam's Rib , Born Yesterday , Gaslight , and A Star is Born to his credit. The various essays in this volume, all written by prominent experts in the field, offer critical discussions of every feature film Cukor directed and include a rich trove of valuable information about their production histories. This is the first book devoted to one of the most beloved figures from the American cinema's golden age.

Sommario/riassunto

This is an edited collection of peer-reviewed papers presented at the Ninth International Conference of the Society for the Advancement of Kinanthropometry. Defined as the relationship between human body structure and function, kinanthropometry is an area of growing interest, and these proceedings will be of use to students, academics and professionals in the areas of ergonomics, sports science, nutrition, health, and other allied fields. The assembled works represent the latest research findings across kinanthropometry, moving the discipline forward and promoting good practice and the exch
