Sommario/riassunto	From budgies and cockatiels to chipmunks and chinchillas, our interest in exotic pets has rocketed in recent years. With the house rabbit being the UK's third most commonly kept pet after the cat and dog, and sales in small mammals, reptiles and birds continuing to grow, exotic pets have now become a specialist area of veterinary practice in their own right. Veterinary Nursing of Exotic Pets is the first book to address the need for a definitive reference book devoted entirely to the principles and applications of nursing exotic species. Developed from a City and Guild's course, it no

Sommario/riassunto	This is the second book in a unique two-volume study tracing the

evolution of the Labour Party's foreign policy throughout the 20th century to the present date. This is the first comprehensive study of the history of the Labour Party's worldview and foreign policy. It argues that Labour's foreign policy perspective should be seen not as the development of a socialist foreign policy, but as an application of the ideas of liberal internationalism. Volume Two provides a critical analysis of Labour's foreign policy since 1951. It examines Labour's attempts to rethink foreign policy, focusing on intr
