| Sommario/riassunto      | This booklet contains statistics for the EU, EFTA and candidate countries for the years 2005, 2007 and 2008. It also contains time series that compare the EU's production and trade with that of other major wood-producing countries over the past decade. Information from other bodies is included to give the reader a comprehensive view of developments in the EU's forests, as are estimates of the carbon content of forests and wood products based on recommended conversion factors.
