ISBN	978-1-4160-3000-3
Descrizione fisica	Testo elettronico (PDF) (XII, 608 p.) : ill.
Altri autori (Persone)	JAUNIAUX, Eric R.M. LANDON, Mark B.
Disciplina	613.04234
Soggetti	Uomini - Salute
Lingua di pubblicazione	Inglese
Formato	Risorsa elettronica
Livello bibliografico	Monografia
Sommario/riassunto	Here's the first evidence-based guide to focus solely on the various health conditions that unequally affect men. This text provides a biopsychosocial approach to diseases and disorders of male patients from birth through infancy, childhood, and adolescence, and from early through late adulthood. Replete with current evidence-based guidelines to facilitate clinical decision-making, the framework of each chapter builds upon epidemiological data centered on men. Special attention is given to the circumstances that influence men to either seek or not seek routine medical care.
