

1. Record Nr.	UNISA990003700220203316
Autore	GALLAGHER, Christopher J.
Titolo	Simulation in anesthesia / Christopher J. Gallagher and S. Barry Issenbergi
Pubbl/distr/stampa	Philadelphia, : Saunders/Elsevier, 2007
ISBN	978-1-4160-3135-2
Descrizione fisica	Testo elettronico (PDF) (XVII, 348 p.) : ill.
Altri autori (Persone)	ISSENBERGI, S. Barry
Disciplina	617.96
Soggetti	Anestesia
Lingua di pubblicazione	Inglese
Formato	Risorsa elettronica
Livello bibliografico	Monografia
Sommario/riassunto	Description Following up his best-selling Board Stiff TEE & Too manuals for the oral boards in anesthesiology, Dr. Gallagher has produced a step-by-step how-to guide on conducting an anesthesia simulation. Topics include which equipment to use as well as suggestions for simulation scenarios that will help train your staff with a theoretical basis for handling even the most unexpected complications. This simulation guide with video clips helps to close the gaps that may result when abnormal situations are not recognized quickly enough or the response to them is haphazard and slow. The result is a highly effective, enjoyable, and affordable tool on this increasingly important way to ensure resources are being managed effectively.
