ISBN	1-351-89083-2 1-315-24003-3
Edizione	[1st ed.]
Descrizione fisica	1 online resource (249 pages) : illustrations, facsimiles
Disciplina	940.21
Soggetti	Emblems - Europe - History Emblems - Themes, motives Emblem books, European
Lingua di pubblicazione	Inglese
Formato	Materiale a stampa
Livello bibliografico	Monografia
Note generali	First published 2014 by Ashgate Publishing.
Nota di bibliografia	Includes bibliographical references and index.
Nota di contenuto	1. Recent emblem theory -- 2. The importance of emblems -- 3. Truth in emblems -- 4. Emblems as transmitters of knowledge and traditions -- 5. Mnemonics and emblems -- 6. Are emblem inscriptions always mottoes? -- 7. Is there visual rhetoric in some emblem pictures? -- 8.

How were and how are emblems read? -- 9. On the interpretation of emblems -- 10. Jesuit emblems : in the service of God, man, or the Society of Jesus?

Sommario/riassunto

The emblem was big business in early-modern Europe, used extensively not only in printed books and broadsheets, but also to decorate pottery, metalware, furniture, glass and windows and numerous other domestic, devotional and political objects. At its most basic level simply a combination of symbolic visual image and texts, an emblem is a hybrid composed of words and picture. However, as this book demonstrates, understanding the precise and often multiple meaning, intention and message emblems conveyed can prove a remarkably slippery process. In this book, Peter Daly draws upon many years' research to reflect upon the recent upsurge in scholarly interest in, and rediscovery of, emblems following years of relative neglect. Beginning by considering some of the seldom asked, but important, questions that the study of emblems raises, including the importance of the emblem, the truth value of emblems, and the transmission of knowledge through emblems, the book then moves on to investigate more closely-focussed aspects such as the role of mnemonics, mottoes and visual rhetoric. The volume concludes with a review of some perhaps inadequately considered issues such as the role of Jesuits (who had a role in the publication of about a quarter of all known emblem books), and questions such as how these hybrid constructs were actually read and interpreted. Drawing upon a database containing records of 6,514 books of emblems and imprese, this study suggests new ways for scholars to approach important questions that have not yet been satisfactorily broached in the standard works on emblems.
