Boatwright.
Sommario/riassunto	This is the first book on Roman family life to include studies of the family in the Roman provinces. Subjects treated include family values, the relationship between parents and children, family tensions, marriage patterns, and family commemorations on tombstones. The authors use a variety of ancient evidence and different methodologies

to reach their conclusions about Roman influence on provincial culture.

- ;This volume contains a series of articles that examine the Roman family in Italy and the empire using a wide range of evidence and considering a number of critical issues. Its focus on r
