| Note generali | Refereed/Peer-reviewed Developed and managed by the National Center for Biotechnology Information (NCBI) at the National Library of Medicine (NLM). |
| Sommario/riassunto | Breast Cancer Research is an international, peer-reviewed online journal, publishing original research, reviews, commentaries and reports. Research articles of exceptional interest are published in all areas of biology and medicine relevant to breast cancer, including normal mammary gland biology, with special emphasis on the genetic, biochemical, and cellular basis of breast cancer. |
