Edizione	[1st ed.]
Descrizione fisica	1 online resource (277 p.)
Disciplina	303.48/34
Soggetti	Computers and civilization Computers - Social aspects Cyberspace
Lingua di pubblicazione	Inglese
Formato	Materiale a stampa
Livello bibliografico	Monografia
Note generali	Description based upon print version of record.
Nota di bibliografia	Includes bibliographical references (p. [229]-244) and index.
Nota di contenuto	Book Cover; Title; Contents; Acknowledgments; References Cited; Notes; Index
Sommario/riassunto	Arguing that humans have always been technological as well as cultural beings, David Hakken calls for a fundamental rethinking of the traditional separation of anthropology and technical studies. Drawing on three decades of research on contemporary technological societies, this book outlines a fresh way of thinking about technology and offers an ethical and political response to the challenge of truly living as ""cyborgs"" in the age of cyberspace.
