Sommario/riassunto	In Practising Feminism, contributors drawn from a range of backgrounds in anthropology, sociology and social psychology, explore different ways of practising feminism and their effect on gendered identities. The contributors examine feminism and gender identities in different cultures, feminism as a politics of transformation, the call for recognition of heterosexuality as a politicised identity, the practical role of feminism in nationalist struggles, power relations and gender differences, and the methodological implications of feminist practices.

They all discuss identity, di
