Titolo   Requirements Engineering: Foundation for Software Quality [[electronic resource]] : 20th International Working Conference, REFSQ 2014, Essen, Germany, April 7-10, 2014, Proceedings / / edited by Camille Salinesi, Inge van de Weerd

Pubbl/distr/stampa   Cham : , : Springer International Publishing : , : Imprint : Springer, , 2014

ISBN   3-319-05843-6

Edizione   [1st ed. 2014.]

Descrizione fisica   1 online resource (XX, 326 p. 69 illus.)

Collana   Programming and Software Engineering ; ; 8396

Disciplina   005.1205

Soggetti   Software engineering
Management information systems
Computer science
Application software
Computer logic
Software Engineering
Management of Computing and Information Systems
Information Systems Applications (incl. Internet)
Logics and Meanings of Programs

Lingua di pubblicazione   Inglese

Formato   Materiale a stampa

Livello bibliografico   Monografia

Note generali   Bibliographic Level Mode of Issuance: Monograph

Sommario/riassunto   This book constitutes the refereed proceedings of the 20th International Working Conference on Requirements Engineering: Foundation for Software Quality, REFSQ 2014, held in Essen, Germany, in April 2013. The 23 papers presented were carefully reviewed and selected from 89 submissions. The REFSQ conference is organised as a three-day symposium with two days devoted to scientific papers presentation with a one-day industry track in-between. Both the industry and scientific presentations concern a variety of topics, which shows the liveliness of the requirements engineering domain. These topics are for instance: scalability in RE, communication issues,

compliance with law and regulations, RE for self adaptive systems, requirements traceability, new sources of requirements, domain specific RE, Natural Language issues, and of course games. 'Games for RE and RE for Games' was the special topic of REFSQ 2014. This is materialized by a plenary session at the conference, and by a keynote given by Catherine Rolland, a serious games expert and project manager at KTM Advance, a French company specialized in serious games.
