   Sommario/riassunto   This book constitutes the thoroughly refereed proceedings of the 14th
                         International Workshop on Information Security Applications, WISA
                         2013, held on Jeju Island, Korea, in August 2013. The 15 revised full
                         papers and 2 short papers presented were carefully reviewed and
                         selected from 39 submissions. The papers are organized in topical
                         sections such as cryptography, social network security, mobile security,
                         network security, future applications and privacy.
