Sommario/riassunto	Learning disability nurses play a leading role in the care and support of people with learning disabilities. Learning Disability Nursing explores the theory and practice of learning disability nursing, with an emphasis on understanding the experiences of learning disability nurses as they

seek to practice effectively. It examines key issues faced by people with learning disabilities and those who support them and promotes the role of knowledgeable and reflective practitioners.* Develops a framework for learning disability nursing practice* Examines key issues for people with learni
