"London's most brilliant but unconventional detectives, Arthur Bryant and John May, must plumb the depths of a particularly murky mystery. The Peculiar Crimes Unit faces its most baffling case yet--and if Bryant and May can't rise to the challenge, the entire unit may go under. Near the Tower of London, along the River Thames, the body of a woman has been discovered chained to a stone post and left to drown. Curiously, only one set of footprints leads to the tragic spot. "The Bride in the Tide," as the London press gleefully dubs her, has the PCU stumped. Why wouldn't the killer simply dump her body in the river--as so many do? Arthur Bryant wonders if the answer lies in the mythology of the Thames itself. Unfortunately, the normally wobbly funhouse corridors of Bryant's mind have become, of late, even more labyrinthine. The venerable detective seems to be losing his grip on reality. May fears the worst, as Bryant rapidly descends from merely muddled to one stop short of Barking, hallucinating that he's traveled back in time to solve the case. There had better be a method to Bryant's madness--because, as more bodies are pulled from the river's depths, his partner and the rest of the PCU find themselves in over their heads. Fiendishly fun and rich in London lore, Bryant and May: Strange Tide is Christopher Fowler at his best, delivering more twists and turns than the Thames itself. Praise for Christopher Fowler's ingenious novels featuring the Peculiar Crimes Unit "Fowler, like his crime-solvers, is deadpan, sly, and always unexpectedly inventive."--Entertainment Weekly "An imaginative funhouse of a world where sage minds go to expand their vistas and sharpen their wits."--Marilyn Stasio, The New York Times Book Review "[Fowler] takes delight in stuffing his books with esoteric facts; together with a cast of splendidly eccentric characters [and] corkscrew plots, wit, verve and some apposite social commentary, they make for unbeatable fun."--The Guardian "Mr. Fowler's small but ardent American following deserves to get much larger."--Janet Maslin, The New York Times "The most delightfully, wickedly entertaining duo in crime fiction."--The Plain Dealer "Captivating."--The Seattle Times "Dazzling."--The Denver Post "Thrilling."--Chicago Tribune"--

"Fowler's quirky, beloved detectives, Arthur Bryant and John May, return in another dazzling investigation. In another impossible case for the Peculiar Crimes Unit, a woman is found drowned in the Thames after being tied to a pillar at low water--and only her footprints lead to the spot where she was killed..."--
