Sommario/riassunto	Advanced Digestive Endoscopy: ERCP addresses some of the most complex diagnostic and therapeutic procedures for endoscopists. It provides the latest thinking and clear instruction on the techniques, which have been integrated with overall patient care. Written by the leading international names in endoscopy, the text has been expertly

edited by Peter Cotton into a succinct, instructive format. Presented in short paragraphs structured with headings, subheadings and bullet points and richly illustrated throughout with full-color photographs.
