

1. Record Nr.	UNISA996390074003316
Autore	Prynne William <1600-1669.>
Titolo	The first and second part of the signal loyalty and devotion of Gods true saints and pious Christians (as also of some idolatrous pagans) tovwards their kings, both before and under the law, and Gospel [[electronic resource] ] : especially in this our island. Expressed in and by their private and publike private loyal supplications, prayers, intercession, thanksgiving, votes, acclamations, salutations, epistles, addresses, benedictions, options of long life, health, wealth, safety, victory, peace, prosperity, all temporal, spiritual, eternal blessings, felicities to their kings persons, families, queens, children, realms, armies, officers, chearfull subjections and dutifull obedience to them: whethe [sic] good, or bad, Christians, or pagans, orthodox, or heterodox, protectors, or persecutors of them. With the true reasons thereof from Scripture and policy. Evidenced by varieties of presidents, testimonies and authorities in al ages, ... Whereunto the several forms, ceremonies, prayers, collects, benedictions and consecrations, used at the coronations of Christian emperors, kings, queens (more particularly in England and Scotland, not formerly published) and of the Mahometan and Ægyptian kings, are annexed. By
Pubbl/distr/stampa	London, : printed by T. Childe, and L. Parry, and are to be sold by Edward Thomas at the Adam and Eve in Little-brittain, 1660
Descrizione fisica	[10], 96, [4], 321, [1] p
Soggetti	Kings and rulers - Religious aspects
Lingua di pubblicazione	Inglese
Formato	Materiale a stampa
Livello bibliografico	Monografia
Note generali	"The second part of the signal loyalty" (also published separately as Wing (2nd ed.) P4075) has a separate dated title page, register and pagination. Both parts have final errata leaves. Imperfect; part 2 lacks pp. 261-262. Reproduction of the original in the British Library.

2. Record Nr.	UNISA996205518203316
Titolo	Vascular surgery [[electronic resource] ] : basic science and clinical correlations // edited by Rodney A. White, Larry H. Hollier
Pubbl/distr/stampa	Malden, MA, : Blackwell Futura, c2005
ISBN	1-280-19715-3 9786610197156 0-470-98476-7 0-470-98709-X 1-4051-4380-0
Edizione	[2nd ed.]
Descrizione fisica	1 online resource (651 p.)
Altri autori (Persone)	WhiteRodney A HollierLarry H
Disciplina	617.4/13 617.413
Soggetti	Blood-vessels - Surgery Blood-vessels - Pathophysiology Blood-vessels - Physiology
Lingua di pubblicazione	Inglese
Formato	Materiale a stampa
Livello bibliografico	Monografia
Note generali	Description based upon print version of record.
Nota di bibliografia	Includes bibliographical references and index.
Nota di contenuto	Vascular Surgery : Basic Science and Clinical Correlations; Contents; Contributors; Preface; Acknowledgments; I. Vascular pathology and physiology; 1. Embryology and development of the vascular system; 2. Vascular wall physiology; 3. Hemostasis and coagulation; 4. Molecular aspects of atherosclerosis; 5. Localization of atherosclerotic lesions; 6. Pathogenesis of arterial fibrodysplasia; 7. Physiology of vasospastic disorders; 8. Buerger's disease; 9. Ergotism; 10. Arteritis; 11. Adventitial cystic disease; 12. Entrapment syndromes; 13. Intimal hyperplasia; 14. Thoracic outlet syndrome 15. Aneurysmal disease16. Pathophysiology of renovascular hypertension; 17. Pathophysiology, hemodynamics, and complications of venous disease; 18. Physiologic changes in lymphatic dysfunction;

19. Physiologic changes in visceral ischemia; 20. Natural history of atherosclerosis in the lower extremity, carotid, and coronary circulations; 21. Neurologic basis for sympathetically maintained pain: causalgia and reflex sympathetic dystrophy; 22. Compartment syndromes physiology; 23. Physiology of reperfusion injury; 24. Cerebral ischemia; 25. Pathophysiology of spinal cord ischemia 26. Vascular erectile dysfunction: mechanisms and current approaches 27. Portal hypertension: pathophysiology and clinical correlates; II. Noninvasive vascular diagnostics; 28. Physiologic basis of hemodynamic measurement; 29. Spectral analysis; 30. Ultrasound imaging; 31. Radionuclide scanning; 32. Computed tomography; 33. Magnetic resonance imaging; III. Invasive vascular diagnostics; 34. Angiography; 35. Intravascular ultrasound; 36. Angioscopy in peripheral vascular surgery; IV. Medical management; 37. Atherosclerosis: risk factors and medical management 38. Pharmacologic intervention: thrombolytic therapy 39. Pharmacologic intervention: vasodilation therapy and rheologic agents; 40. Pharmacologic intervention: lipid-lowering agents; 41. Infections and antibiotics in vascular surgery; V. Endovascular interventions for vascular disease; 42. Catheter-based approaches to the treatment atheroembolic disease; 43. Balloon angioplasty and transluminal recanalization devices; 44. Endovascular stents; 45. Endovascular prostheses for repair of abdominal aortic aneurysms; VI. Comparison of conventional vascular reconstruction and endovascular techniques 46. Surgical and endovascular treatment of chronic ischemia of the lower limbs 47. Aortoiliac endovascular recanalization compared with surgical reconstruction; 48. Endovascular stent-graft repair of thoracic aortic aneurysms and dissections; 49. Brachiocephalic vascular reconstructions compared with endovascular repair; 50. Carotid endarterectomy compared with carotid angioplasty and stenting; 51. Endovascular intervention for venous occlusion compared with surgical reconstruction; Index; Colour plate section

## Sommario/riassunto

This second edition of a very successful vascular surgery text was developed in order to address significant changes that have occurred in contemporary vascular surgery and to highlight new information that has developed regarding vascular imaging, interventional and endovascular procedures. The overall length of the text is slightly shorter than the first edition with relevant core chapters being retained to emphasize the basic science nature of the text, with approximately 60% of the material undergoing major revisions or being new chapters. The significant change from the first text
