Sommario/riassunto	In this book Victor J Seidler, one of the leading contributors to the growing debate about masculinities, turns his attention to the lives of young men and their understandings of themselves as gendered

beings. By contextualizing their experiences and subjectivities within a rapidly globalizing world, Seidler pays particular attention to the impact of the global media. How does the mass circulation of images of men's bodies, desires and sexualities affect their self-perception and behaviours, and how are these images framed within particular histories, cultures and traditions? Questioning univ.
