Sommario/riassunto	In 2011, Syrians took to the streets to demand the overthrow of the regime of Bashar al-Assad. Today, much of Syria has become a war-zone where foreign journalists find it almost impossible to go. Burning Country explores the reality of life in present-day Syria. Drawn from over fifteen years of work with the people of Syria, it reveals the stories of opposition fighters, exiles lost in an archipelago of refugee camps, and many others. Examining new grassroots revolutionary organisations, the rise of ISIS and Islamism, and the emergence of the worst refugee crisis since World War Two, Burning Country is a vivid account of a modern-day political and humanitarian nightmare. -- from back cover.

2. Record Nr.	UNISA996207130103316
Titolo	Proceedings of the ACM SIGPLAN ... Conference on Programming Language Design and Implementation / / sponsored by the Special Interest Group on Programming Languages, Association for Computing Machinery
