Sommario/riassunto	Dealing with global fields of action is one of the scientific and practical core tasks of the Center for Applied Cultural Studies. For the present volume, a focus was chosen from the complex range of topics: the globalization of the media, political conflicts and human rights issues, social, economic and political networking opportunities, questions of socio-political and cultural responsibility in times of economic scarcity as well as the internationalization of universities as a vehicle for international understanding and Opportunity to gain skills.
