Sommario/riassunto	Top economists provide a concise and accessible evaluation of major developments in trade and trade policy. Economic Policy has earned a reputation around the world as the one publication that always identifies current and emerging policy topics early. Papers are specially

commissioned from first-class economists and experts in the policy field. The editors are all based at top European economic institutions and each paper is discussed by a panel of distinguished economists. This unique approach guarantees incisive debate and alternative interpretations of the evidence.
