

1. Record Nr.	UNISA996208780103316
Titolo	Chemometrics and intelligent laboratory systems [[e-journal]]
Pubbl/distr/stampa	Amsterdam, : Elsevier Science Publishers B.V., 1986-
ISSN	1873-3239
Soggetti	Chemistry - Statistical methods Computation laboratories Mathematical models Periodicals.
Lingua di pubblicazione	Inglese
Formato	Materiale a stampa
Livello bibliografico	Periodico
Note generali	Some issues also have distinctive theme titles. Refereed/Peer-reviewed
Sommario/riassunto	"Chemometrics and intelligent laboratory systems publishes original research papers, short communications, reviews, tutorials and software descriptions reporting on novel developments in techniques for chemistry and related disciplines which are characterised by the application of statistical and computer methods."
