Edizione	[1st ed.]
Descrizione fisica	1 online resource (250 p.)
Altri autori (Persone)	ReavillDrury R PhalenDavid N
Disciplina	636.68
Soggetti	Birds - Diseases Veterinary clinical pathology
Lingua di pubblicazione	Inglese
Formato	Materiale a stampa
Livello bibliografico	Monografia
Note generali	Description based upon print version of record.
Nota di bibliografia	Includes bibliographical references and index.
Nota di contenuto	Cardiovascular system -- Respiratory system -- Gastrointestinal system and pancreas -- Liver -- Urinary system -- Reproductive system -- Endocrine system -- Lymphatic and hematopoietic system -- Musculoskeletal system -- Nervous system -- Integument -- Special senses organs -- Peritoneum and mesenteries.
Sommario/riassunto	With the growth in the bird owning public, has come a commensurate growth in the number of veterinarians providing care for birds, and an enormous increase in the knowledge of the husbandry and diseases of these birds, including several comprehensive textbooks of avian medicine and surgery. Since birds are now common mainstream pets there is also a need for diagnostic veterinary pathologists to be familiar with the diseases of these species. The aim of this book is to bring together in one volume a comprehensive review of the gross and histologic features of the diseases of pet and aviar
