Sommario/riassunto	This book undertakes a fundamental assessment of Menander of Laodicea ('Menander Rhetor'), and of the nature and functions of rhetoric in later antiquity (second to fifth centuries AD). It examines Menander's fragments, collected here for the first time, in detail, showing that he was primarily an expert on judicial and deliberative oratory; a source-critical analysis of the Demosthenes scholia shows that his influential commentary on Demosthenes can be partially reconstructed. It explores the educational practices of the rhetorical schools, and shows that the skills which they taught still had
