

1. Record Nr.	UNISA996212489903316
Titolo	Equine neurology [[electronic resource] /] / edited by Martin Furr and Stephen Reed
Pubbl/distr/stampa	Ames, Iowa, : Blackwell Pub., c2008
ISBN	1-282-27923-8 9786612279232 0-470-37646-5 0-470-37637-6
Descrizione fisica	1 online resource (428 p.)
Altri autori (Persone)	FurrMartin ReedStephen M
Disciplina	636.1 636.108968
Soggetti	Horses - Diseases Nervous system - Diseases Veterinary neurology
Lingua di pubblicazione	Inglese
Formato	Materiale a stampa
Livello bibliografico	Monografia
Note generali	Description based upon print version of record.
Nota di bibliografia	Includes bibliographical references and index.
Nota di contenuto	Equine Neurology; Contents; Contributors; Preface; Acknowledgments; Section I: Foundations of Clinical Neurology; 1 Overview of Neuroanatomy; 2 Cerebrospinal Fluid and the Blood...Brain Barrier; 3 Immunology of the Central Nervous System; 4 Pharmaceutical Considerations for Treatment of Central Nervous System Disease; Section II: Clinical Equine Neurology; 5 Neurologic Examination; 6 Differential Diagnosis and Management of Horses with Seizures or Alterations in Consciousness; 7 Differential Diagnosis of Equine Spinal Ataxia 8 Differential Diagnosis and Management of Cranial Nerve Abnormalities9 Differential Diagnosis of Urinary Incontinence and Cauda Equina Syndrome; 10 Electrodiagnostic Evaluation of the Nervous System; 11 Anesthetic Considerations for Horses with Neurologic Disease; 12 The Basics of Equine Neuropathology; Section III: Specific Disease Syndromes; 13 Viral Diseases of the Nervous System; 14 Bacterial Infections of the Central Nervous System; 15

Equine Protozoal Myeloencephalitis; 16 Parasitic Infection of the Central Nervous System; 17 Clostridial Neurotoxins: Botulism and Tetanus 18 Miscellaneous Infections of the Central Nervous System19 Neurodegenerative Disorders; 20 Equine Hepatic Encephalopathy; 21 Electrolytes and Neurological Dysfunction in Horses; 22 Cervical Vertebral Stenotic Myelopathy; 23 Congenital Malformation of the Nervous System; 24 Central Nervous System Trauma; 25 Disorders of the Peripheral Nervous System; 26 Equine Neurotoxic Agents and Conditions; 27 Hypoxic/Ischemic Encephalopathy in the Foal; 28 Miscellaneous Movement Disorders; 29 Stereotypic and Other Behavior Problems; 30 Miscellaneous Conditions; Index

Sommario/riassunto

Equine neurology has become a central part of everyday equine practice. In this practical and comprehensive clinical reference, clinicians will find the up-to-date resources needed to effectively and confidently recognize, diagnose and treat neurologic diseases and disorders in equine patients. At the heart of the book are practical features, such as diagnostic algorithms, charts and tables, designed to aid in the clinical examination of the nervous system, differential diagnosis, and appropriate methods of treatment. Detailed information on individual diseases and disorders is pr
