Evans -- Democracy and globalization in the global economy / Diana Crane -- The autonomy of culture and the invention of the politics of small things: 1968 revisited / Jeffrey C. Goldfarb -- Toward a nonculturalist sociology of culture: on class and status in globalizing capitalism / Nancy Fraser.

Sommario/riassunto

This collection of original, state-of-the-art essays by prominent international scholars covers the most important issues comprising the sociology of culture. Provides an invaluable reference resource to all interested in the cultural structures and processes that animate contemporary life. Contains 27 essays on the most important issues comprising the sociology of culture, including art, science, religions, race, class, gender, collective memory, institutions, and citizenship. Reflects and analyzes the "cultural turn" that has transformed scholarship in the social sciences.
