

1. Record Nr.	UNISA996213212503316
Autore	Stokes Geoffrey, CEng
Titolo	A practical guide to the wiring regulations, BS 7671 [[electronic resource] /] / Geoffrey Stokes
Pubbl/distr/stampa	Malden, MA, USA, : Blackwell Scientific, 2002
ISBN	1-280-28580-X 9786610285808 0-470-77443-6 1-4051-5183-8
Edizione	[3rd ed.]
Descrizione fisica	1 online resource (xxi, 550 p.) : ill., forms
Disciplina	621.31924021841
Soggetti	Electric wiring - Insurance requirements Electric wiring, Interior Electric apparatus and appliances - Installation - Great Britain
Lingua di pubblicazione	Inglese
Formato	Materiale a stampa
Livello bibliografico	Monografia
Note generali	Designed for use with: Regulations for electrical installations / Institution of Electrical Engineers. 16th ed. 1991.
Nota di bibliografia	Includes bibliographical references (p. 501-502) and indexes.
Nota di contenuto	Plan and terminology of BE 7671: 1992; Electricity, the law, standards and codes of practice; Scope, object and effects and fundamental requirements for safety; Assessment of general characteristics; Protection against electric shock; Protection against thermal effects; Protection against overcurrent and undervoltage; Isolation and switching; Equipment selection - common rules; Wiring systems; Switchgear, protective devices and other equipment; Protective conductors, earthing and equipotential bonding; Specialised installations; Supplies for safety services; The smaller installation; Special installations and locations; Inspection, testing, certification and reporting; Indexes.
Sommario/riassunto	This guide explains the fundamental principles of electrical installation design, based on the latest Wiring Regulations, offering practical solutions to meet the various requirements of the regulations and the statutory authorities.
