

1. Record Nr.	UNISA996213452003316
Titolo	Products, applications and services showcase // edited by David V. Neff
Pubbl/distr/stampa	Warrendale, Pennsylvania : , : The Minerals, Metals & Society Society, , 2003 ©2003
ISBN	1-118-78815-X 1-118-78816-8 1-118-78791-9
Descrizione fisica	1 online resource (374 p.)
Disciplina	669.722
Soggetti	Aluminum - Metallurgy Light metals - Metallurgy
Lingua di pubblicazione	Inglese
Formato	Materiale a stampa
Livello bibliografico	Monografia
Note generali	Includes indexes.
Nota di contenuto	Cover; Half Title Page; Title Page; Copyright Page; TABLE OF CONTENTS; Furnaces and Casting Technology; Furnaces for the New Business Trends; Heat Treatment Plant for Aluminum Parts; New Developments for the EMP Systems; Advanced Monolithic Refractories for Lining Aluminium Melting & Holding Furnaces; Superwool Products - High Temperature Alternatives to Refractory Ceramic Fibers; The Real Cost of Alloying in the Cast House; The Manufacturing, Use and Plant Test Results of TF Combo Bags for DC Sheet Ingot Casting; ConformTM - The Use of Alternative Feedstock Materials Reduction Technology & Laboratory AnalysisClayburn Dri-Barrier Mix Its Application as a Barrier Lining in Reduction Cells; New Busbars for Smelters; MOELLER Direct Pot Feeding System; New Generation of Tapping Vehicles; Rockwell, Vickers, or Nanoindentation?; Author Index
Sommario/riassunto	Products, Applications, and Services Showcase
