

1. Record Nr.	UNISA996214260803316
Titolo	Tribology international [[e-journal]]
Pubbl/distr/stampa	[Guildford, Surrey, : IPC Science and Technology Press], 1974-
ISSN	1879-2464
Soggetti	Tribology Periodicals.
Lingua di pubblicazione	Inglese
Formato	Materiale a stampa
Livello bibliografico	Periodico
Note generali	Title from pdf of running title (ScienceDirect, viewed Nov. 30, 2005). Imprint varies: Butterworth Scientific Limited, <1984->; Elsevier Science, <1996-> Some issues also have distinctive theme titles. Refereed/Peer-reviewed
Sommario/riassunto	" ... provides up-to-date information on the science, practice and technology of lubrication, wear prevention and friction control. This multidisciplinary field is approached from a practical standpoint, equipping designers, research and development engineers, mechanical and lubrication engineers, managers and scientists with the information that will enable them to minimize the cost of moving parts. Thus machinery can be made more efficient, more reliable and more cost effective."
