Sommario/riassunto	Gendered Talk at Work examines how women and men negotiate their gender identities as well as their professional roles in everyday workplace communication. written accessibly by one of the field's foremost researchers explores the ways in which gender contributes to the interpretation of meaning in workplace interaction uses original and insightfully analyzed data to focus on the ways in which both women and men draw on gendered discourse resources to enact a range of

workplace roles illustrates how a qualitative analysis of workplace
discourse can throw
