Sommario/riassunto	There has been a recent explosion of active concern in matters of animal welfare. The science behind animal welfare has progressed significantly, new codes of practice and legislation have come into being, and innovative methods to assess welfare schemes for food production have emerged. Part of a major animal welfare series, Animal Welfare: Limping Towards Eden is John Webster's new and groundbreaking work on animal welfare. Building on his first book, the highly acclaimed Animal Welfare: A Cool Eye Towards Eden, it not only critically reviews areas of development, but looks to how
