

1. Record Nr.	UNISA996214842303316
Titolo	Fluid phase equilibria
Pubbl/distr/stampa	Amsterdam, the Netherlands, : Elsevier Scientific Pub. Co., 1977-
ISSN	1879-0224
Soggetti	Thermodynamics Fluid dynamics Chemical equilibrium Thermodynamique - Periodiques Fluides, Dynamique des - Periodiques Equilibre chimique Vloeistoffen Evenwichten
Lingua di pubblicazione	Inglese
Formato	Materiale a stampa
Livello bibliografico	Periodico
Note generali	Title from contents screen (ScienceDirect, viewed Mar. 16, 2007). "An international journal." Some issues consist of proceedings that have distinctive titles. Refereed/Peer-reviewed
Sommario/riassunto	"Fluid phase equilibria publishes high quality papers dealing with experimental, theoretical and applied research related to equilibrium and transport properties of fluid and solid phases."
