Riddell -- Jonson's classicism / John Mulryan -- Jonson's criticism / Stanley Stewart -- Jonson's critical heritage / Robert C. Evans.
Sommario/riassunto	Ben Jonson is, in many ways, the figure of greatest centrality to literary study of the Elizabethan and Jacobean period. He wrote in virtually every literary genre: in drama, comedy, tragedy and masque; in poetry, epigram, epistle and lyric; in prose, literary criticism and English grammar. He became the most visible poet of his age, honored more than even William Shakespeare, and his dramatic works, in particular his major comedies, continue to be performed today. This Companion brings together leading scholars from both sides of the Atlantic to provide an accessible and up-to-date introduction to Jonson's life and works. It represents an invaluable guide to current critical perspectives, providing generous coverage not only of his plays but also his non-dramatic works. The volume is informed by the latest development in

Jonson scholarship and will therefore appeal to scholars and teachers
as well as newcomers to his work.
