Collana	China Update Series
Disciplina	338.900951
Soggetti	Economic development - China International economic relations China Economic conditions China Social conditions
Lingua di pubblicazione	Inglese
Formato	Materiale a stampa
Livello bibliografico	Monografia
Nota di bibliografia	Includes bibliographical references and index.
Sommario/riassunto	"China's integration into the global economy has forced a worldwide reallocation of economic activities. This has increased various kinds of friction in China's trading and political relations with others, as well as generating several globally significant externalities. Finding ways to accommodate China's rise in a way that ensures the future stability and prosperity of the world economy and polity is probably the most important task facing the world community in the first half of the 21st century. The book delves into these issues to reflect upon the wide range of opportunities and challenges that have emerged in the context of a rising China."--Publisher description
