Sommario/riassunto	Whiteness Fractured examines the many ways in which whiteness is conceptualized today and how it is understood to operate and to effect social relationships. Exploring the intersections between whiteness, social class, ethnicity and psychosocial phenomena, this book is framed by the question of how whiteness works and what it does. With attention to central concepts and the history of whiteness, it explains the four ways in which whiteness works. In its examination of the outward and inward fractures of whiteness, the book sheds light on both its connections with social class and ethnicity and

#### Sommario/riassunto

The Handbook of Language and Gender is a collection of articles written by leading specialists in the field that examines the dynamic ways in which women and men develop and manage gendered identities through their talk. Provides a comprehensive, up-to-date, and stimulating picture of the field for students and researchers in a wide range of disciplines. Features data and case studies from interactions in different social contexts and from a range of different communities
