Sommario/riassunto	Based on qualitative research carried out with young people aged from 18 to 30 in five European countries, Young Europeans, Work and Family examines young people's pathways to adulthood, and their perspectives on their future work and family lives. This enlightening book investigates young people from a range of social classes and at

various phases in their life: in training, in higher education, in insecure work and in steady jobs, including high- and low-status employment. The study was carried out by a cross-disciplinary team of researchers from Ireland, Norway, Portugal,
