Nota di contenuto The rural landscapes of imperial Italy -- The transformation of the city in imperial Italy -- Social mobility and the cities of Italy. The first two centuries AD are conventionally thought of as the 'golden Sommario/riassunto age' of the Roman Empire, yet Italy in this period has often been seen as being in a state of decline and even crisis. This book investigates the relationships between city and countryside in Italy in the early Empire, using evidence from literary texts and inscriptions, and the wealth of data derived from archaeological field surveys over recent years. Looking at individual towns and regions as well as at thebroader picture, and stressing the diversity of situations across Italy, John R.
