Note generali	Refereed/Peer-reviewed Title from contents screen (ScienceDirect, viewed March 26, 2007). Place of publication varies.
Sommario/riassunto	" ... is to concentrate and disseminate information concerning prevention, cure and care of otorhinolaryngological disorders in infants and children due to developmental, degenerative, infectious, neoplastic, traumatic, social, psychiatric and economic causes. The journal provides a medium for clinical and basic contributions in all of the areas of pediatric otorhinolaryngology. This includes medical and surgical otology, bronchoesophagology, laryngology, rhinology, diseases of the head and neck, and disorders of communication,

including voice, speech and language disorders."
