Versnel -- Appendix One. Grouping The Gods / H. Versnel -- Appendix Two. Unity Or Diversity—One God Or Many? A Modern Debate / H. Versnel -- Appendix Three. Drive Towards Coherence In Two Herodotus-Studies / H. Versnel -- Appendix Four. Did The Greeks Believe In Their Gods? / H. Versnel -- Bibliography / H. Versnel -- Index Of Passages Cited / H. Versnel -- Greek Words / H. Versnel -- General Index / H. Versnel.
Sommario/riassunto	Inspired by a critical reconsideration of current monolithic approaches to the study of Greek religion, this book argues that ancient Greeks displayed a disquieting capacity to validate two (or more) dissonant, if

not contradictory, representations of the divine world in a complementary rather than mutually exclusive manner. From this perspective the six chapters explore problems inherent in: order vs. variety/chaos in polytheism, arbitrariness vs. justice in theodicy, the peaceful co-existence of mono- and polytheistic theologies, human traits in divine imagery, divine omnipotence vs. limitation of power, and ruler cult. Based on an intimate knowledge of ancient realia and literary testimonia the book stands out for its extensive application of relevant perceptions drawn from cultural anthropology, theology, cognitive science, psychology, and linguistics.

Sommario/riassunto	There's no question that Americans are bitterly divided by politics. But

in *Partisans and Partners*, Josh Pacewicz finds that our traditional understanding of red/blue, right/left, urban/rural division is too simplistic. *Wheels-down in Iowa*-that most important of primary states-Pacewicz looks to two cities, one traditionally Democratic, the other traditionally Republican, and finds that younger voters are rejecting older-timers' strict political affiliations. A paradox is emerging-as the dividing lines between America's political parties have sharpened, Americans are at the same time growing distrustful of traditional party politics in favor of becoming apolitical or embracing outside-the-beltway candidates. Pacewicz sees this change coming not from politicians and voters, but from the fundamental reorganization of the community institutions in which political parties have traditionally been rooted. Weaving together major themes in American political history-including globalization, the decline of organized labor, loss of locally owned industries, uneven economic development, and the emergence of grassroots populist movements-*Partisans and Partners* is a timely and comprehensive analysis of American politics as it happens on the ground.
