Nota di bibliografia Includes bibliographical references (p. [259]-268) and index. Nota di contenuto BOVINE SURGERY AND LAMENESS; Contents; Preface to First Edition; Preface to Second Edition; Acknowledgements; 1 General Considerations and Anaesthesia; 2 Head and Neck Surgery; 3 Abdominal Surgery; 4 Female Urinogenital Surgery; 5 Teat Surgery; 6 Male Urinogenital Surgery; 7 Lameness; Appendices; 1 Further Reading; 2 Abbreviations: 3 Useful Addresses: Index Bovine surgery is both challenging and complicated. Not only does the Sommario/riassunto surgeon have to decide whether surgery is economically justified, but surgery often has to be performed in a sub-optimal environment. Following on from the worldwide success of the first edition, this new edition continues to act as a step-by-step guide to standard surgical techniques. Now with two new authors from Switzerland and North America, both the text and illustrations have been considerably expanded. In addition, special attention is given to issues relating to

peri-operative analgesia and animal welfare, foo
