

1. Record Nr.	UNISA996237248503316
Autore	Beresford James <1972->
Titolo	The ancient sailing season [[electronic resource] /] / by James Beresford
Pubbl/distr/stampa	Leiden ; ; Boston, : Brill, 2013
ISBN	1-283-85508-9 90-04-24194-9
Descrizione fisica	1 online resource (380 p.)
Collana	Mnemosyne, supplements ; ; 351 History and archaeology of classical antiquity
Disciplina	387.2/10938 623.890901
Soggetti	Navigation - History - To 1500 Sailing - History - To 1500 Naval history, Ancient
Lingua di pubblicazione	Inglese
Formato	Materiale a stampa
Livello bibliografico	Monografia
Note generali	Title from PDF title page (viewed on Dec. 3, 2012).
Nota di bibliografia	Includes bibliographical references and index.
Nota di contenuto	Front Matter -- The State of Modern Scholarship -- The Textual Evidence -- The Mediterranean Climatic Regime -- Ships and Sails -- Navigation -- The Sailing Season of the Indian Ocean -- Ancient Pirates and Fishermen -- Conclusion -- Bibliography -- Illustration Section -- Index.
Sommario/riassunto	Providing a comprehensive examination of the capacity of ancient ships and seafarers to cope with seasonally changing sea conditions, this book draws on a wide range of ancient literary sources while also taking account of modern weather records, hydrological data, and recent archaeological discoveries. Taking a fresh look at the various ways in which seasonality affected maritime transport across the searoutes of the ancient world, this book offers new perspectives on the nature of seaborne trade, naval warfare and piratical operations. The result is a volume that questions many long-held scholarly assumptions concerning the strength and seaworthiness of ancient vessels, as well as the abilities of Greek and Roman mariners, to regularly undertake voyages across hazardous stretches of sea.
