The Road to Lexington -- Abbreviations -- Acknowledgments and A Note on Sources -- Index
Sommario/riassunto	This study considers the subtle and frequently confused relationship of armed force and political control in the British Empire before the American Revolution. It also clarifies a number of points of controversy and uncertainty about the causes of the American Revolution. Originally published in 1965. The Princeton Legacy Library uses the latest print-on-demand technology to again make available previously out-of-print books from the distinguished backlist of Princeton University Press. These editions preserve the original texts of these important books while presenting them in durable paperback and hardcover editions. The goal of the Princeton Legacy Library is to vastly increase access to the rich scholarly heritage found in the thousands of books published

by Princeton University Press since its founding in 1905.
