Reform and Rebellion; 8. The Fez Mutiny and the Revolt of El Hiba; 9. Patterns of Precolonial Protest and Resistance; List of Abbreviations; Notes; Glossary; Selected Bibliography

Sommario/riassunto

At last we are beginning to learn as much about the French empire as the British, so that generalizations about imperialism need not continue to be skewed, as they have been in the past, by drawing too many of our data from the British experience. The present study makes a major contribution in this direction, providing as it does the first nearly definitive account of a central series of episodes in the French, African, and Islamic experiences with imperialism.
